Corporate Treasury Solutions on FXall®

Leading trading and workflow solutions

FXall is the leading multibank platform for foreign exchange trading and workflow solutions for corporate treasurers.

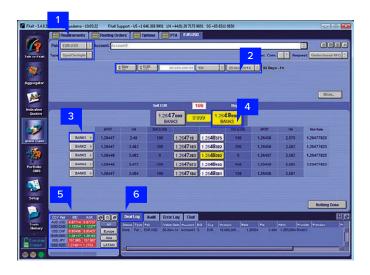

Benefits

- Access deep liquidity from more than 200 providers and 2,300 institutional clients
- Trade FX spot, forwards, swaps, non-deliverable forwards (NDFs) and options, as well as precious metals – all on one platform
- Comply with Dodd-Frank regulations via the Swap Execution Facility (SEF), with on-and-off SEF trading within the same application
- FXall is registered as a multilateral trading facility for use in the MiFID jurisdiction
- Streamline your trade workflow with straight-through processing (STP) and settlement
- Achieve best execution with post-trade reporting and execution quality analysis

Features

- Quicktrade Multibank request-for-quote (RFQ) service in all products, currency pairs and tenors
- Portfolio OMS Advanced execution blotter with innovative order management features
- Resting and Algorithmic Orders Route limit and algorithmic orders to your provider banks for them to monitor and execute
- Settlement Center Automate middle- and back-office processing for trades executed on- or off-platform
- Treasury Management System (TMS) Integration –
 FXall partners with leading TMS vendors to provide an efficient end-to-end trade workflow with STP

About LSEG FX

LSEG FX offers the world's leading independent source of trusted FX market insight, interbank and dealer-to-client electronic trading venues, workflow management, and post-trade and regulatory support for both sell-side and buy-side market participants.

The LSEG FX portfolio includes:

FXall

Dealer-to-client trading and workflow solutions for more than 2,300 institutions worldwide, including asset management firms, banks, broker-dealers, corporations and hedge funds, with liquidity from more than 200 bank and non-bank market makers.

Workspace

Pre-trade analytics, news, pricing and other expert insight to help inform trading strategies and decisions. Workspace provides access to indicative market rates, currency indices and FX benchmarks.

Matching

Anonymous central limit order book for spot and FX swaps trading for the dealer-to-dealer community with over 1,000 subscribers, and spot matching in over 80 currency pairs.

Electronic Trading

Powerful e-commerce solutions adopted by over 300 banks across 60 countries to shape, configure and automate FX price flows, while streamlining risk management, to meet the growing demand for electronification.

Conversational Dealing

Global professional trading community, including more than 4,000 organizations and 14,000 users in more than 120 countries.

Advanced Dealing is a technical and functional enhancement to our already-popular Conversational Dealing. Furthermore, it is a key strategic element of our FX strategy and brings together the Messenger and Dealing communities to deliver a collaborative trading workflow.

Compliance Archive

Reconstruct, supervise and analyze your message and trade activity in an efficient and compliant way, in one unifying portal.
